

Technical Surveillance Countermeasures Specialist (TSCM) U.S. Citizenship Required

Seeking TSCM specialist for full-time employment supporting a US Government Agency in the National Capital Region. The position is contingent upon contract award, anticipated mid-August 2017.

Successful candidates must be able to obtain and maintain a U.S. Government-issued security clearance, therefore U.S. Citizenship is required. In addition, all employees must pass a pre-employment drug screen.

Description:

The TSCM specialist will assist in the management and implementation of Agency's TSCM program. The TSCM specialist will provide support to the Agency's TEMPEST accreditation program as it relates to new construction or the modification of existing sensitive compartmented information facilities (SCIFs). Duties include, but are not limited to:

- Conduct TSCM activities to protect, detect, and respond to the technical exploitation of Agency's facilities by adversaries and insider threats.
- Provide comprehensive, risk-based technical security advice, guidance, and general CI/Security support to program offices and contractor facility security offices under the supervision of the Government.
- Draft written correspondence to include facility file reports, cable messages, approvals, status/technical briefs and inspection reports.
- Assist in the development of technical security plans, directives and instructions.
- Assist Certified TEMPEST Technical Authorities prepare TEMPEST countermeasures reviews and validate the results on a case-by-case basis by instrumented testing at field locations.
- Conduct multi-discipline (TSCM and TEMPEST) security surveys of new and renovated Agency SCI facilities in support of approved Construction Security Plans per Director of National Intelligence SCIF policies.
- Plan and conduct:
 - o TSCM Surveys
 - o Foreign gift inspection
 - o TSCM support to foreign visits
 - o TSCM executive support
 - o TSCM support to SCRM
- Produce Intelligence Information Reports (IIR) as a result of reportable information obtained from TSCM activities.

Requirements:

- Graduate from an accredited CI Special Agent credentialing school (Certificate must be provided).
- 7 years of experience planning, conducting and overseeing TSCM.
- 5 years of experience in the following areas:
 - o Intrusion Detection Systems (IDS)
 - o Video Surveillance Systems

- TEMPEST
- SCIF Construction Standards

Benefits:

We offer an excellent employee benefits package. Our employees enjoy: highly subsidized health, dental plans and life insurance; generous vacation, sick leave (not combined as PTO) and holidays, 401(k) plan w/company match that vests immediately; tuition/educational assistance program, and much more.
